Wudu Wash Station

Whitehall Wudu Wash Station provides an ideal solution for washing in preparation for ritual prayer, making them ideal for places of worship. The Wudu Wash unit is fabricated of stainless steel to ensure durability and features a hinged Grate assembly to facilitate cleaning and an adjustable spray nozzle operated by an ADA compliant pushbutton. A metering valve is provided and cycle time is adjustable up to 60 seconds.

Waste outlet on trough includes 1-1/2" drain punching and includes Grid Strainer, tailpiece and 1-1/2" P-trap.

Spray Nozzle is vandal resistant and includes an Allen key adjustable spray pattern that ranges from a course stream to a fine mist. These assemblies are constructed of brass with a Chrome finish.

Valve is a pneumatically operated pushbutton valve using atmospheric air. Pushbutton is vandal resistant and requires less than 5 lbs of pressure to activate valve. Valve is metering, non-hold open type. Valve timing is adjustable from 5 to 60 seconds. Valve includes a 0.5 GPM flow control.

Cabinet is fabricated 18 gauge type 304 stainless steel with exposed surfaces polished to a #4 satin finish. Access to plumbing and storage components is through a removable front access panel.
